Sarah & Simon - Platform's Final Event 1

Sarah & Simon - Platform's Final Event

Platform is a project space co-ordinated by Sheila Lawson which shows work by artists from abroad and from the UK.

Platform is no longer seeking proposals for exhibitions. Their last exhibition will be 'Simon & Sarah' in June of 2006. They will be publishing a retrospective of the exhibitions held there from 1998 – present. This will launch on the 23rd of June at the opening of 'Sarah & Simon'.

'Sarah & Simon' is the final show at Platform. The 21 artists in SARAH & SIMON share a name/s, a generation, a profession as well as a location (UK) and even, perhaps other aspects as yet unlisted which may be discovered in bringing together the works and these individuals. Simon & Sarah are the two most common artists' names on the gallery mailing list, Biblical names in Biblical numbers.
