Windows XP OEM Upgrade to Vista

Dear customers and friends of DS Team,

Please let us represent our new special offer you can't afford to miss. Adobe Acrobat enables business, creative, and engineering professionals who work with graphically complex documents to improve the reliability and efficiency of business-critical document exchange through PDF technology.

Adobe Acrobat 8.0 Professional has the following features in addition to the features found in the standard version: Create PDF documents with one-button ease from AutoCAD, Microsoft Visio, and Microsoft Project (Windows only); Preserve document layers in technical drawings in Visio and AutoCAD, and object data in Visio (Windows only); Permanently delete sensitive information, including specific text or illustrations, with redaction tools; Create fillable PDF forms from scanned paper, existing PDF documents, Microsoft Word documents, or Excel spreadsheets; Automatically recognize form fields on static PDF documents and convert them to interactive fields that can be filled electronically by anyone using free Adobe Reader versions 7 or 8; Enable Adobe Reader (versions 7 or 8) users to participate in reviews with complete commenting and markup tools, including sticky notes, highlighter, lines, shapes, and stamps; Enable Adobe Reader (versions 7 or 8) users to fill and save PDF forms locally for offline use, and to digitally sign PDF documents.
