Central Asian Project is a collaborative exchange organised by Cornerhouse, SPACE (London), and AsiaArt+ (Almaty, Kazakhstan) dedicated to forging new links between the UK and Central Asia. Encompassing exhibitions, artist residencies and cultural exchange, the project aims to increase communication and cultural understanding by acknowledging and reflecting upon the prejudices and preconceptions that are held about other cultures.<http://www.cornerhouse.org/art/info.aspx?ID=356&page=0>
